SANS Baltimore Spring: Virtual Edition 2021
April 26 – May 1 | US Eastern Time | netWARS

SANS Live Online: Interactive Cybersecurity Training Delivered Online from Anywhere

SANS is committed to delivering high-quality cybersecurity training so you can keep your skills sharp and stay ahead of cyber threats. Join us for interactive training during SANS Baltimore Spring: Virtual Edition 2021 – Live Online (EDT), and receive relevant, applicable training from wherever you are.

“...The materials and instructors are excellent and the content is relevant to current security operations in any industry. The combination of labs and NetWars provides hands-on experience that really helps to understand the content.”
— Jerry Bunn, Digital Realty

Benefits of Live Online:

- Interactive, live-stream courses taught by real-world practitioners
- Real-time support from virtual TAs
- Dedicated chat channels for networking
- Online CTF events and virtual NetWars
- Hands-on labs in a virtual environment
- Courses include electronic and printed books
- Several courses align with GIAC certifications
- Archive of course lectures uploaded to your account daily during the event
- Four months of access to your course lectures so you can revisit the recordings

Enhance your training experience. Add a GIAC Certification attempt and OnDemand Bundle to your course.

Distinguish yourself as an information security leader and get certified with GIAC Certifications. giac.org

Extend your training experience with an OnDemand Bundle. Receive four months of supplemental online review and 24/7 online access to your course lectures, materials, quizzes, and labs. sans.org/ondemand/bundles

“Leave it to SANS to find a way to present a world-class Live Online learning experience! I've always gone to SANS as my vendor-of-choice for onsite training, but I am now just as likely to select SANS Live Online for my future training needs. The Live Online experience was just as effective in presenting valuable material in a superb format, and the instructor and staff were excellent in creating a classroom environment with the tools available to them (GoToMeeting, Slack, and Skype). Taking the course Live Online (as opposed to onsite) did not diminish my experience one bit. If anything, I think I may have had an even better learning experience, and surprisingly gained closer camaraderie with my classmates!”

– Harold Stockton, Global Payments Inc.
