“SANS courses are extremely valuable because of all the hands-on material and their connection to the real world.”
– Tor Nilsson, SecurityLink AB

“Everything from the instructor to the platform to the labs and materials were great. It all fit together and made this Live Online learning process go smooth. GoToTraining and Slack worked great! I wouldn’t change a thing.”
– Robert L., U.S. Federal Agency

“SANS is the premier learning and certification organization. I highly recommend SANS for those who are attempting certification. Whoever chooses a SANS class, upon completion, you will have taken away a solid understanding of the material (applicable to their work environment and not just theory) and be more prepared for the upcoming exam associated with that class.”
– Anastasio Stefos, Vision Federal Credit Union
