Live Online 

SANS Live Online: Interactive Cybersecurity Training Delivered Online from Anywhere

SANS is committed to delivering high-quality cybersecurity training so you can keep your skills sharp and stay ahead of cyber threats. Join us for interactive training during SANS Cyber Security East: May 2021 – Live Online (EDT), and receive relevant, applicable training from wherever you are.

“The materials and instructors are excellent and the content is relevant to current security operations in any industry. The combination of labs and NetWars provides hands-on experience that really helps to understand the content.”

— Jerry Bunn, **Digital Realty**

Benefits of Live Online:

- Interactive, live-stream courses taught by real-world practitioners
- Real-time support from virtual TAs
- Dedicated chat channels for networking
- Online CTF events and virtual NetWars
- Hands-on labs in a virtual environment
- Courses include electronic and printed books
- Several courses align with GIAC certifications
- Archive of course lectures uploaded to your account daily during the event
- Four months of access to your course lectures so you can revisit the recordings

Enhance your training experience. Add a GIAC Certification attempt and OnDemand Bundle to your course.

Distinguish yourself as an information security leader and get certified with **GIAC Certifications**. giac.org

Extend your training experience with an **OnDemand Bundle**. Receive four months of supplemental online review and 24/7 online access to your course lectures, materials, quizzes, and labs. sans.org/ondemand/bundles

“I’m blown away at the effectiveness and ease of the Live Online platform.
I was concerned based on previous online training experience, but this is well done!”
– Robin A., U.S. Federal Agency

“The class, instructor, and organizers were amazing throughout this SEC401 bootcamp!
I learned a lot of useful information and look forward to reviewing the recordings soon.”
– Tamie Wade-Britton, Sutter Health

“The labs are giving me a chance to see the course content firsthand and
interact with it. It’s doing a good job of letting me play with it and really
seeing how the tools and methodologies work.”
– Ryan Moeller, Eureka Strategic Consulting
