SANS Cyber Security Mountain: April 2021

April 5–10 | US Mountain Time | **NETWARS**

Live Online 

SANS Live Online: Interactive Cybersecurity Training Delivered Online from Anywhere

SANS is committed to delivering high-quality cybersecurity training so you can keep your skills sharp and stay ahead of cyber threats. Join us for interactive training during SANS Cyber Security Mountain: April 2021 – Live Online (MDT), and receive relevant, applicable training from wherever you are.

“The materials and instructors are excellent and the content is relevant to current security operations in any industry. The combination of labs and NetWars provides hands-on experience that really helps to understand the content.”

— Jerry Bunn, **Digital Realty**

Benefits of Live Online:

- Interactive, live-stream courses taught by real-world practitioners
- Real-time support from virtual TAs
- Dedicated chat channels for networking
- Online CTF events and virtual NetWars
- Hands-on labs in a virtual environment
- Courses include electronic and printed books
- Several courses align with GIAC certifications
- Archive of course lectures uploaded to your account daily during the event
- Four months of access to your course lectures so you can revisit the recordings

Enhance your training experience. Add a GIAC Certification attempt and OnDemand Bundle to your course.

Distinguish yourself as an information security leader and get certified with **GIAC Certifications**. giac.org

Extend your training experience with an **OnDemand Bundle**. Receive four months of supplemental online review and 24/7 online access to your course lectures, materials, quizzes, and labs. sans.org/ondemand/bundles

“The Live Online delivery platform ensures students are able to access content, virtual machines, labs, resources, and chat 24 hours a day. Additionally, after the course ends, access is still available—priceless!!”

– Britni T., U.S. Federal Agency

“I have taken numerous courses over my career and many were online. Nothing, including expensive college-level courses, is on the same level as SANS training. It is dense, rich, and immediately applicable. If the student takes what they have learned into their workplace, they will immediately be able to distinguish themselves. I’m already looking forward to my next SANS training opportunity, and I highly recommend it to others.”

– Dave Brock, Lytx Inc.
