SANS Cyber Security West: March 2021
March 15–20 | US Pacific Time | netwars

SANS Live Online: Interactive Cybersecurity Training Delivered Online from Anywhere

SANS is committed to delivering high-quality cybersecurity training so you can keep your skills sharp and stay ahead of cyber threats. Join us for interactive training during SANS Cyber Security West: March 2021 – Live Online (PDT), and receive relevant, applicable training from wherever you are.

“The materials and instructors are excellent and the content is relevant to current security operations in any industry. The combination of labs and NetWars provides hands-on experience that really helps to understand the content.”
— Jerry Bunn, Digital Realty

Benefits of Live Online:

• Interactive, live-stream courses taught by real-world practitioners
• Real-time support from virtual TAs
• Dedicated chat channels for networking
• Online CTF events and virtual NetWars
• Hands-on labs in a virtual environment
• Courses include electronic and printed books
• Several courses align with GIAC certifications
• Archive of course lectures uploaded to your account daily during the event
• Four months of access to your course lectures so you can revisit the recordings

Enhance your training experience. Add a GIAC Certification attempt and OnDemand Bundle to your course.

Distinguish yourself as an information security leader and get certified with GIAC Certifications. giac.org

Extend your training experience with an OnDemand Bundle. Receive four months of supplemental online review and 24/7 online access to your course lectures, materials, quizzes, and labs. sans.org/ondemand/bundles

“I honestly can’t imagine how much effort you all put into creating and delivering this training. I was worried about the Live Online format, but I think it might actually be better than most in-person training.”

– Chantel Strickland, Cisco

“The real value of this training lies at the intersection of quality content and delivery by a subject-matter expert actively working in the field, making it incredibly relevant and immediately applicable to my job.”

– P. Watson, Microsoft Corp
