Join us for SANS Cyber Security Central: May 2021
May 3–8 | US Central Time

SANS Live Online: Interactive Cybersecurity Training Delivered Online from Anywhere

SANS is committed to delivering high-quality cybersecurity training so you can keep your skills sharp and stay ahead of cyber threats. Join us for interactive training during SANS Cyber Security Central: May 2021 – Live Online (CDT), and receive relevant, applicable training from wherever you are.

“The materials and instructors are excellent and the content is relevant to current security operations in any industry. The combination of labs and NetWars provides hands-on experience that really helps to understand the content.”
— Jerry Bunn, Digital Realty

Benefits of Live Online:

- Interactive, live-stream courses taught by real-world practitioners
- Real-time support from virtual TAs
- Dedicated chat channels for networking
- Online CTF events and virtual NetWars
- Hands-on labs in a virtual environment
- Courses include electronic and printed books
- Several courses align with GIAC certifications
- Archive of course lectures uploaded to your account daily during the event
- Four months of access to your course lectures so you can revisit the recordings

Enhance your training experience. Add a GIAC Certification attempt and OnDemand Bundle to your course.

Distinguish yourself as an information security leader and get certified with GIAC Certifications. giac.org

Extend your training experience with an OnDemand Bundle. Receive four months of supplemental online review and 24/7 online access to your course lectures, materials, quizzes, and labs. sans.org/ondemand/bundles

“Having an SME instructor with tons of real-world experience makes the course material easy to digest, and the Live Online platform is the best platform I’ve experienced!”
– Jeremy Swanson, Mantech

“The content of this class is providing information that will help me expand my security toolset and understand the ways we can defend against the attacks we cover. This is very valuable experience to help me better perform my responsibilities as a cybersecurity professional.”
– Derek Dorman, Dayton Children’s Hospital

“SANS is the premier learning and certification organization. I highly recommend SANS for those who are attempting certification. Whoever chooses a SANS class, upon completion, you will have taken away a solid understanding of the material (applicable to their work environment and not just theory) and be more prepared for the upcoming exam associated with that class.”
– Anastasio Stefos, Vision Federal Credit Union
