SANS Live Online: Interactive Cybersecurity Training Delivered Online from Anywhere

SANS is committed to delivering high-quality cybersecurity training so you can keep your skills sharp and stay ahead of cyber threats. Join us for interactive training during SANS Security Leadership: May 2021 – Live Online (CDT), and receive relevant, applicable training from wherever you are.

“The materials and instructors are excellent and the content is relevant to current security operations in any industry. The combination of labs and NetWars provides hands-on experience that really helps to understand the content.”
— Jerry Bunn, Digital Realty

Benefits of Live Online:

• Interactive, live-stream courses taught by real-world practitioners
• Real-time support from virtual TAs
• Dedicated chat channels for networking
• Online CTF events and virtual NetWars
• Hands-on labs in a virtual environment
• Courses include electronic and printed books
• Several courses align with GIAC certifications
• Archive of course lectures uploaded to your account daily during the event
• Four months of access to your course lectures so you can revisit the recordings

Enhance your training experience. Add a GIAC Certification attempt and OnDemand Bundle to your course.

Distinguish yourself as an information security leader and get certified with GIAC Certifications. giac.org

Extend your training experience with an OnDemand Bundle. Receive four months of supplemental online review and 24/7 online access to your course lectures, materials, quizzes, and labs. sans.org/ondemand/bundles

“Training technical minds to work with the business is a gap that needs to be bridged. This course does that!”
– Alex Alvanos, Global Lending Services

“I have never seen a more comprehensive course than MGT514. It covers so many aspects of strategy, policy, and leadership in one curriculum.”
– Terry K., U.S. Federal Agency

“I loved being able to participate in my class via an online format. It was very convenient while still providing me with an excellent learning experience.”
– Joi Lee, Chapters Health Systems

“MGT512 was the perfect course to arm me with the information and skills I needed to perform at the next level as an information security and GRC management professional. Hats off to the SANS team for building and presenting this course!”
– Harold (Chip) Stockton, Global Payments, Inc.
